2009 HESS Dues

Your 2009 membership in the History of Earth Sciences Society and renewal for *Earth Sciences History* is now due for renewal. We sincerely thank you for your continued support of HESS.

- **Online access.** You may subscribe to the print version, online version, or both. The print and online versions are identical.

- Online subscriptions include full back-issue access (back to vol. 1) for the duration of your online subscription. If in the future you do not renew your online subscription, you will maintain access, in perpetuity, to the volume(s) for the year(s) your online subscription was valid for. (As an example, if you subscribe to online access for the membership year 2009, but do not renew for 2010, then in 2009 you will have full back-issue access to the journal in addition to the 2009 volume (vol. 28), but in 2010 you will *only* have online access to vol. 28.)
- If you are undecided, please contact the Treasurer to request access to the online format on a trial basis (available in January & February 2009 only).

- **Student rate: \$25** – ESH online access only (students wanting ESH print version will need to pay the full member dues rate). Students will need to provide evidence of student status (a copy of your current & validated student ID, or a statement confirming your status from your department secretary/chair on letterhead).

Renewal Rates for calendar year 2009 (volume 28)

Print only	\$50	Print & online	\$65
Online only	\$50	Students (online only)	\$25

In addition to your dues, you may also make an additional contribution to HESS to support the society; contributions are tax deductible in the US.

Payment methods

You will be taken to PayPal's secure site to make your payment, but you do *not* have to have a PayPal account to make your credit card payment, nor will your credit card information be stored anywhere. Students wanting the online student rate and who wish to pay by credit card will have to submit their student status document separately.
